WellDoc (Baltimore, Maryland), a healthcare technology company that enables positive behavior change and supports clinical decision making to improve health outcomes and reduce healthcare costs, reported acquisition of Oncology Care Home Health Specialists (Wilmington, Delaware), a home health consulting company dedicated to, and focused solely on, oncology. The acquisition is accelerating the development and quality of the WellDoc mHealth oncology solution, one of several disease suites in development, and will complement WellDoc's FDA cleared DiabetesManager.

This new subsidiary of WellDoc, now renamed Oncology Care Home Health, is a comprehensive education and consulting company dedicated to helping home health providers implement specialized oncology programs.
